SCHOOL REPORT

In submitting our report of schools for the past year, will say that three of our schools, Nos. 2, 3 and 4, have been badly handicapped on account of sickness, and consequently the roll of honor is very small as compared with other years.

In looking over the registers, there seems to be an unwarranted number of absent and tardy marks which we think sickness has not been entirely responsible for, and hope next year the parents will see that the scholars attend more regularly.

We regret very much that the weather was stormy the night State Supt. Morrison was here, as he gave us a very interesting talk on division superintendents; that is, three or more towns join together and have a superintendent that calls on the schools every week or two and instructs the teachers in their duty. By so doing we can bring our schools up to the standard of the city schools, and the scholars will take more interest in their studies.

This will be one of the articles in the school warrant, and we hope the citizens will see fit to adopt it.

The old saying is, "The hand that rocks the cradle rules the world," so the school committee have decided to have the school meeting in the evening this year, and they want to see all the ladies there that are old enough to vote. The meeting will be held Tuesday evening, Mar. 19.

We thank the citizens for the amount of money raised last year, and hope they will see fit to raise a like amount this year.

HARRY I. NOYES,	} School
